**NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF LONDON, STATE

SECTION I:

Chapter 1060.08 of the Codified Ordinances of London shall be and hereby is Amended to read as follows;

1060.08 PRIVATE SOLID WASTE COLLECTORS; LICENSES.

(a) No person shall engage in or carry on the business of collecting, hauling or disposing of rubbish or refuse within the City, and no rubbish or refuse shall be hauled or transported over or through the streets of the City, except in a truck or other vehicle the design of which has been approved by the Board of Public Utilities. The City shall have the exclusive right to gather and collect garbage and rubbish within the City, except as set forth in subsection (b) hereof.

(b) An annual license may be issued to private rubbish collectors by the Board for those establishments which the Board has determined are not capable of being effectively serviced by the City. Private collectors shall file, annually, an application with the Board, which application form shall be furnished by the City, and upon a hearing, the Board, if satisfied that the applicant will properly handle rubbish in accordance with its rules and regulations, shall issue a license therefor upon the payment of a fee of five hundred dollars (\$500.00) per establishment serviced.

(c) All private rubbish collectors' licenses shall expire on December 31 of each year. The annual fee may be prorated on a monthly basis for any application filed on or after March 1 of any year.

SECTION II:

Chapter 1060.09 of the Codified Ordinances of London shall be and hereby is Amended to read as follows;

1060.09 RATES.

The Board of Public Utilities shall charge each and every household and commercial and industrial establishment located in the City, who or which is determined by the Board to be a producer of garbage or rubbish, or both, the following collection rates:

(a) SFRDU Rates. The SFRDU rate shall be ten dollars (\$10.00) per month per SFRDU for one collection of solid waste and recyclables per week, transport of the materials, and the management of the recyclables. In addition, each SFRDU will be required to separately purchase Pay-As-You-Throw ("PAYT") bags adequate to containerize the material requiring disposal:

\$1.25 for each 30-gallon, London PAYT bag;

\$1.00 for each 12-gallon, London PAYT bag;

\$2.00 for each non-London PAYT bag.

(b) MRFDU Commercial Rates. The commercial rate shall be sixteen dollars (\$16.00) per month, for not to exceed three thirty-three-gallon cans of garbage or rubbish. An additional charge of seven dollars and fifty cents (\$7.50) per cubic yard shall be made for all garbage and rubbish collected in cans in excess of such amount. The commercial rate for dumpsters shall be seven dollars and fifty cents (\$7.50) per cubic yard of dumpster, per collection, to be calculated solely on the volume of the dumpster and not the volume of actual garbage or rubbish. The daily pickup rate for small commercial is three dollars (\$3.00) per day/pickup per cubic yard.

(c) Industrial Rates. An industrial rate shall be determined by the Board after the industry applies for service and states the type of waste, its volume and number, and the frequency of collections requested. The Board reserves the right to refuse the industrial refuse if its consistency or quantity cannot reasonably be handled by the existing facilities.

(d) Special and Bulky Item Pick-up Rates. Twelve dollars (\$12.00) per cubic yard per pick-up will be charged for special pick-ups of household furniture and major appliances. Twelve dollars (\$12.00) per cubic yard for bulky items, with a minimum charge of twelve dollars (\$12.00) per pickup.

(e) Special Dumping Rates. The special dumping rate for disposal only of rubbish is twelve dollars (\$12.00) per cubic yard for residential and fifteen dollars (\$15.00) for commercial, and for building material is twenty dollars (\$20.00) per cubic yard for residential and commercial, where the hauling of such rubbish or building material to the transfer site is provided by the producer or his or her agent. A minimum of twelve dollars and fifty cents (\$12.50) will be charged for white goods. Tire recycling shall be charged a rate of five dollars (\$5.00) per tire.

(f) Rates Outside Corporate Limits. Rates for the collection of garbage and rubbish from premises situated outside of the City shall be double the rates provided in subsections (a) through (e) hereof.

(g) Governmental Rates. Rates for the collection of garbage and rubbish from premises owned and/or operated by a duly recognized agency of the Federal, State or County government shall be determined by the Board by negotiation with the individual agency.

(h) Penalty Collection Rates. Any solid waste which is placed for pick-up in any container other than a Board-specified PAYT container shall be collected and billed to the customer as an additional charge at double the rate for the same quantity of properly containerized solid waste.

(i) Recycling. The Board of Public Utilities will provide to residents free of charge a 35 gallon wheeled cart or a 65 gallon wheeled cart. All carts issued will be numbered and registered to a specific location or account. Replacement carts are the responsibility of the account holder. The costs of replacement carts shall be fifty dollars (\$50.00) per 35 gallon cart and sixty five dollars (\$65.00) per 65 gallon cart.
