

Do you need assistance getting your trash to the curb?

For \$2.20/month the sanitation staff will collect your can(s) and recycle bin(s) from your house. Trash/recyclables are to be put in a visible, easily accessible area, on the side of your house where trash is normally collected.

Please check here if you would like to pay for this extra service.

If you are disabled or age 65 or older, you may be eligible to waive the \$2.20 monthly fee.

To be eligible, you must present a photo ID with proof of your age.

If disabled, you must also present the registration for your handicap placard parking pass and its expiration date or verification that you receive SSI disability benefits.

Please check here if you would like to have the fee waived for this service.
