London, Ohio 43140

November 1, 2016

Dear Parent/Guardian:

Thank you for being a part of the London Parks and Recreation Youth Basketball Program! Please read the Overview page carefully. We strive to make the sign-up process as hassle free as possible.

We welcome individuals interested in volunteer coaching. The coaching application is also posted on the London Parks and Recreation Facebook page. Volunteer Assistant Coaches will be assigned after teams have been formed. You must have a local background check completed by the London Police Department to proceed as a Volunteer Coach.

The London Parks and Recreation Department's main goal for the Youth Basketball Program is to create a positive, creative and fun environment for the youth of our community. This instructional and recreational league will allow kids to learn the fundamentals of the game while they experience team play and sportsmanship. We ask that all individuals involved to be positive role models and to support our youth in their journey of learning about organized sports.

All information about the program will only be posted on the London Parks and Recreation Facebook page.

I appreciate your support and look forward to working with each one of you.

Sincerely,

Tammy Braskett
Director of London Parks and Recreation Department
