

Moving Pavement Preservation Forward

ATTENTION PLEASE
ATTENTION PLEASE

Strawser Construction will be applying a stress absorbing membrane to the majority of your street. Subsequently, a new micro-surface will be applied within one week. Traffic will be maintained at all times and the excess aggregate will be swept as quickly as possible.

Please excuse the inconvenience and we would greatly appreciate if you would not spin tires on the newly resurfaced areas.

Please keep street free of all trash, recycle carts and bags

PLEASE REMOVE CARS BY _____ 7 _____ A.M.

From our experience, we know that our success depends upon your cooperation, so please observe the following:

1. Keep the street free of all parked cars.
2. Please allow 20 minutes after the machine passes to drive in or out of your driveway.
3. After the streets are open to traffic, please drive slowly over the uncured Pavement and do not spin your tires.
4. If you have a special circumstance that interferes with this work, please Advise any of the workers or contact our office @ (614)276-5501 and we will do our best to accommodate you.
5. Please turn off all water sprinklers.

If any questions, please contact our office at 614-276-5501 between the hours of 8:00am and 5:00pm.

Thank you
